

GOV. SMALL TO SURRENDER

ALBERT FINK COUNSEL OF GOVERNOR SENDS MESSAGE TO MESTER

Says Executive is Ready to Submit to Mester's Deputies or Sheriff of Cook County Today--Asks when Sheriff can Come to Chicago--Thought to be in Kankakee

(By The Associated Press)
SPRINGFIELD, Ill., July 26.—Governor Small, from the office of one of his counsel in Chicago, is reported to-night to have offered to surrender himself without resistance to Sangamon county authorities on warrants charging him with embezzlement of state funds while treasurer of Illinois.

Sheriff Henry Mester announced late tonight that he had received the following message from Chicago:

"To the Sheriff of Sangamon County, Springfield, Ill.:

"This is to advise you that Governor Len Small is ready to submit to you or any of your deputies or to the sheriff of Cook county according to your directions to any person designated as agent at any time tomorrow, Wednesday, July 27, 1921, in my office, 1183 Continental and Commercial Bank Building, Chicago, Ill., in submission to the capias which I understand Judge Smith has directed you to execute on the governor. In order to conserve all parties' rights please advise me when you will come to Chicago.

(Signed)
"Albert Fink, Counsel for Governor Len Small."

Sheriff Mester immediately replied to the message stating that he would be prepared to take a sheriff's bond at Governor Small's convenience, adding that he did not intend to go to Chicago to serve the warrants.

"I will not go to Chicago to serve warrants on Governor Small," Sheriff Mester said. "I am sending a telegram to Mr. Fink advising him that Governor Small may give bond in Springfield at his convenience."

State's Attorney Mortimer was advised of the governor's reversal in attitude toward accepting service of writs but made no comment other than to say he had expected the governor to arrive at a decision to end his resistance.

Will Cause Showdown

Chicago, Ill., July 26.—Governor Len Small, who tonight announced his intention to submit himself to arrest, arrived tonight in the same train with Attorney General Edward J. Brundage, but in different cars. He came here instead of going to Kankakee, his announced destination on leaving Springfield, and went to the home of Albert Fink his chief counsel where the decision to surrender himself was reached.

If Sheriff Mester at Springfield avails himself of Governor Small's offer to surrender, it is expected that the governor will permit himself to remain in custody tomorrow while a writ of habeas corpus issued out in circuit or superior court here. This would force the attorney general to show cause why the governor should be required to submit himself to criminal trial.

Those close to the governor said "there will be plenty of fire works within the next 48 hours," but declined to be more specific. "I am still a free man," Governor Small said when asked if he wished to make a statement supplementing his action.

Attorney General Brundage said tonight that "we wish to give Governor Small a reasonable length of time to comply with the court's order. In such cases three days are usually allowed to arrange bail and surrender in court."

FOUR WORKMEN ARE KILLED IN EXPLOSION

(By The Associated Press)

SHPEMING, Mich., July 26.—Four workmen were killed in an explosion today which wrecked the dynamite mixing house and the nitroglycerin storage house of the Hercules Powder company. Burning debris set fire to the soda dry house and the soda storage house, both of which were destroyed.

C. C. Cowland, general manager of the company, estimates the damage at thirty thousand dollars. He said that about a thousand pounds of dynamite and between seven and eight thousand pounds of nitroglycerin had exploded.

Those dead are:
Leslie Brew, 18, Charles Lund, 40, Clyde Clippett, 18 and Ernest Sjolund, 50.
The bodies of Lundin and Sjolund were recovered.

REPORT MADE BY U. S. STEEL FOR FIRST QUARTER

**Earnings Only Paltry
Twenty-One Mil-
lion Dollars**

(By The Associated Press)

NEW YORK, July 26.—The United States Steel Corporation reported tonight that its earnings for the quarter ending June 30 were \$21,892, 016, the smallest of any quarter since March, 1915, just prior to the war boom, when they fell to \$12,457,809.

Regular dividends of 12 percent on the preferred shares and 14 on the common were declared, but to meet the requirements of the common dividend on which only 35 cents was earned it was necessary to draw from the corporation's huge undivided surplus.

Analysis of the corporation's monthly business shows earnings of a little more than \$8,000,000 in April, about \$8,400,000 in May and a drop to slightly less than \$7,500,000 in June.

Net income for the second quarter amounted to \$113,226,509, against \$20,656,339 for the preceding quarter. This item would have shown more drastic reduction but for the fact that charges and allowances for depreciation were much smaller than in the first quarter of the year.

Chairman E. H. Gary issued a statement in which he stated that the business results for the quarter were not surprising to anyone familiar with general conditions. He added that many men from the concerns have been operating at a loss. This he declared is no less censurable than insisting upon "unconscionable profits" and cannot be long continued.

Commenting upon the future he said:

"As stated at the meeting of the American Iron and Steel Institute last May industry is headed in the right direction. This means a great deal for at some date in the future there awaits the biggest business this country has witnessed. The fundamental facts for this conclusion are assured. The undisputed figures amount to a demonstration.

Conditions Improving

"Just at present there are many reasons for believing our conditions are improving even though we may not as yet have experienced, to a large extent, the good results. Readjustments were necessary and they have been progressing with beneficial effect."

"The financial aspect of this country and other countries has been improving and to most of us at least looks bright. The banking institutions of the United States are sound. Our resources are enormous, our people are ready, anxious and able to do business. Everyone is called upon to do his or her part in the endeavor to return to a sane and reasonable basis and the sooner this opinion becomes practically unanimous the earlier we will reach the goal of prosperity, the apparent distance of which depends upon individual vision."

Indictment Will be Asked.

Chicago, July 25.—An indictment, carrying four counts, charging Warren C. Spurgin, missing president of the closed Michigan Avenue Trust company, with obtaining money by a confidence game, embezzlement, larceny by bailment and obtaining money by false pretenses will be asked of the grand jury tomorrow assistant State's Attorney McShane announced today. The announcement followed examination of the bank's books, thru which it is said a sortage that may reach one million five hundred thousand dollars has been disclosed.

The closing of the institution following the flight of Spurgin, had an aftermath in Des Ours, Colorado today when creditors of that place attached Spurgin's Des Ours mine.

Spurgin is said to have sunk one hundred and fifty thousand dollars in this mine which never produced any paying ore. Stocks and bonds in the mine declared to be virtually worthless were left at the bank by Spurgin in place of valuable negotiable securities it is said.

PELLAGRA NOT ALARMING IN TEXAS

Austin, Texas, July 26.—There is no reason for alarm over the pellagra situation in Texas, Dr. M. M. Carrick, state health officer, said today. Reports indicate a slight increase over last year with 72 cases reported for the first six months of 1921. Pellagra usually follows a financial depression, Dr. Carrick said.

SPRINGFIELD, Ill., July 26.—

F. H. Wemple, 80, prominent banker and farmer of Waverly, died at 10:30 tonight in a Springfield hospital. Mr. Wemple retired from active business two years ago because of failing health.

Mr. Wemple has been a banker in Waverly for over thirty years, and an extensive land owner. He has three sons, all of whom were associated with their father in the banking business. Mr. Wemple was well known throughout the state.

Surviving are three sons, Clarence, Wilbur and C. F. Wemple, and one daughter Edith Wemple all of Waverly.

No funeral arrangements have been made.

ARMED ROBBER HOLDS UP BANK

MARSHFIELD, Wis., July 26.

An armed robber today secured between \$1,200 and \$1,500 in cash from the American National bank here when he forced the cashier and customers into a corner, scooped up the cash and escaped in an automobile bearing a license credited to the Louis Kindling company of Milwaukee. The robber entered the bank at noon when a number of people were on hand to transact business. Flourishing a revolver he forced Jacob Lamewander, assistant cashier, a woman bookkeeper, two messengers into a corner. The patrons were crowded into another corner.

The bandit grabbed a bundle of money. A messenger escaped to the police station as the robber fled.

MANY ARMY CAMPS TO BE ABANDONED IN NEAR FUTURE

**Camp Grant One of
Largest Constructed
is Among Number**

(By The Associated Press)

WASHINGTON, July 26.—Abandonment of Camp Devens, Mass.; Sherman, Ohio; Grant, Illinois; Pike, Ark.; Meade, Maryland; Jackson, South Carolina; Bragg, North Carolina, was announced today by Secretary Weeks.

Camps to be retained are: Dix, New Jersey; Travis, Texas; Lewis, Washington, and Knox, Kentucky, Mr. Weeks said.

He added that in the case of the camps to be abandoned all troops would be removed and the greater part of the buildings salvaged but that the land and certain permanent improvements would be retained for use in event of a future appropriation permitting their utilization as citizens' military training camps.

Corps areas and divisional commanders have been ordered by the war department. Secretary Weeks said today to prepare for the redistribution of troops made necessary by the reduction in the enlisted strength of the army. Actual changes of stations will be postponed until supplemental instructions are issued by the department.

Headquarters of the tenth brigade at Camp Jackson, S. C., will be moved to Jefferson Barracks, Mo.; headquarters twelfth brigade at Camp Grant, Ill., to Fort D. A. Russell, Wyo.

The second infantry training center regiment at Camp Sherman, Ohio, will go to Fort Sheridan, Ill.; the third infantry training center regiment at Camp Sherman will go to Fort Snelling, Minn.

The fifth division at Camp Jackson, S. C.; the sixth division at Camp Grant, Ill., and the seventh division at Camp Meade, Md., will be reduced to brigades and stationed respectively at Jefferson Barracks, Fort D. A. Russell and Plattsburg Barracks, N. Y.

Placed On Inactive List

Other infantry commands placed on the inactive list and for which parent organizations are designated, include the thirty-second, thirty-sixth, thirty-seventh, thirty-ninth, fortieth, forty-first, forty-second, forty-third, forty-fourth, forty-fifth, forty-sixth, forty-seventh, forty-eighth, forty-ninth, fiftieth, fifty-first, fifty-second, fifty-fifth, fifty-sixth, sixtieth, sixty-first, sixty-second and sixty-third regiments.

Field artillery units placed on the inactive list include the third and the seventy-eighth at Camp Grant.

Engineer regiments placed on the inactive list and for which other regiments are designated as sponsors include the twelfth at Camp Grant, fifty-third infantry at Camp Grant, Ill., will go to D. A. Russell; the fifty-fourth, Camp Grant, to Fort Wayne, Michigan, except one battalion which goes to Fort Brady, Mich., and one battalion to Fort Sheridan, Ill.

The headquarters of the first cavalry division to be organized will be stationed at Fort Bliss, Texas.

The seventy-six field artillery at Camp Pike, Ark., will go to Camp Lewis, Washington, and the eighty-first artillery at Camp Knox will remain there except one battalion designated for Fort Sheridan.

CHILDREN KILLED BY FIRE TRUCK

CHICAGO, July 26.—Two children were killed, and six others, all under ten years, were injured today when a sixty foot hook and ladder truck skidded and plunged into a gravel pile in which the children were playing. Frantic mothers who hurried to the scene heard the screams of the children made the work of rescuing the more seriously injured difficult and it was not until a riot act brought a squad of police that the fear crazed women would permit their children to be taken to hospitals.

WILL TRY TO RAISE MONEY FOR RAILROAD

Harrison, Ark., July 26.—Efforts to raise one hundred and fifty thousand dollars among the counties served by the Missouri and North Arkansas railroad in Arkansas to guarantee expenses of operation of the road for three months after July 31, when the road has been ordered to suspend, will be made this week as the result of a meeting here tonight of business men from along the line.

PRESIDENT REQUESTS LEGISLATION TO FUND PART OF R. R. DEBT

Would Have the Powers of War Finance Corporation Broadened—Senator Kellogg Introduces Bill for \$100,000,000 Farm Export Corporation—Has Treasury O. K.

(By The Associated Press)

WASHINGTON, July 26.—Partial response was made immediately by congress today to a special message from President Harding requesting that powers of the war finance corporation be broadened to take charge of funding of upwards of five hundred million dollars of railroad debts and to provide additional farm credits.

The president in his message transmitted by messenger declared the government was morally and legally bound to fund the railroad debts and was under "an impelling moral obligation" to provide agricultural credits. The first step toward meeting the second of the two requests—provision for additional credits—had in reality been taken in the senate before the presidential message was read.

Senator Kellogg, Republican, Minnesota, introduced a bill drafted by Secretary Hoover and Director Meyer of the war finance corporation and said to have the approval of the president as a substitute for the pending Norris bill to create a one hundred million dollar farm export corporation.

The bill embraced the president's suggestion to empower the war finance corporation instead of a new federal corporation as provided in the Norris bill, to advance credits for agricultural exports.

The president's message dealt particularly with railroad financing and declared the proposal that the war finance corporation take charge of funding the railroad debts to the government would cause "no added expense, no added liability, no added tax burden."

The president described the proposal as a simple remedy, contemplating receipt and disposition of the corporation of ample securities deposited by the railroads.

The message was referred by the senate to its interstate commerce committee, but Chairman Cummins, in ill-health, was out of the city and when the railroad legislation would be taken up was in doubt. Leaders expected action within the next fortnight. Several senators opposing any semblance of further government advances to the carriers stated privately that they would fight the legislation.

Bill Has Treasury O. K.

Senator Kellogg said that the bill he introduced had the approval of the treasury department. It would authorize extensions of credits to producers or their associations, exporters and also to bankers favor agricultural export purposes. Besides the finance corporation's capital of five hundred million dollars—a revolving fund—it would be authorized to issue one billion dollars in bonds.

Champions of the Norris bill continued the fight in its behalf, but with amendments made today by the agriculture committee designed to meet objections raised. The amendments would eliminate provisions said to give the proposed corporation power to buy and sell farm products. The committee also reduced the bond issue authorizing from one billion dollars to five hundred million dollars.

CHARGE SHERIFF DOES NOT ENFORCE LAW

(By The Associated Press)

ST. LOUIS, Mo., July 26.—An information charging Sheriff John Willman of St. Louis county with willful failure to enforce the prohibition law was filed in the county court at Clayton today.

The information filed by Prosecuting Attorney Mueller asks that the sheriff be removed from office. It was drawn under provisions of the state prohibition law which provides for the removal of officials who fail to enforce the act.

Affidavits filed with the information alleged Willman failed to raid stills he knew to be in operation. Willman has declared the action is a "political frameup."

Jane & Katherine Lee in 'The Circus Imps'
Jane and Katherine Lee run their circus during which they give
a performance together with the freaks. They come home
and give their father the pennies they received from the cir-
cus and tell him all about it. Jane and Katherine own a goat
which they are very fond of and decide to build a home for
him. In driving the stake into the ground to start the same,
they strike an oil well that sports a gusher which carries the
goat in the air. The freaks also dig for oil nearby see this
spouting gusher. The father and Jack Grimes also see this
gusher. They all gather around and attempt to stop the flow
of oil with a barrel, but the barrel breaks and to save the waste
of oil they place the fat woman, one of the freaks of the circus
over the gusher. Come and see what happens and
laugh till your sides ache.

governor take a change of venue

The greatest change that time
has brought to the people of this
city is that of service and loyalty
to his home town. It is not a
spirit of narrow selfishness, but
that of city pride. We have found
that we can accomplish many
things working together, when it
is thought that a project may be
for good of the community. It is
a spirit of helpfulness, of action
in such work while aiding the

**DEMONSTRATION OF
TRACTOR PLOWING**
Given by the Jacksonville Farm
Supply Company at the Joseph
Brown Farm East of the City
—Today at 3 o'clock School of
Instruction.
"If your hand's on the plow hold
on, hold on
Though the soil may be sterile
and hard,
The plowshare will make the fal-
low ground break
And the plowman will have his
reward."
So sang a poet years ago and
had he been on the farm of Joseph
Brown two miles east of the city
on the state road yesterday, he
would have seen soil hard but
not sterile, being rapidly and
wonderfully turned over, not by
horse or ox power, as he contem-
plated when he wrote his verses,
but by tractors being used at the
demonstrating school conducted
by the Jacksonville Farm Supply
company.
Theodore Hagel of the company
is in charge and there is an 8-16
I. H. C. tractor pulling two four-
teen inch bottoms of the regular
tractor type, and a 10-20 Titan
pulling three P. and O. 14-inch
plows, both machines propelled by
kerosene, cutting furrows six and
nine inches deep, work which
would be well nigh impossible
for four good horses or mules be-
sides almost killing the poor ani-
mals.
Although the work is so heavy,
as the soil is very hard and com-
pact, the tractors do the work
easily having plenty of reserve
power. Messrs. Norman Thaxton
and Fred Storm of the Interna-
tional Harvester company are on
hand. Mr. Storm is a gentleman
thoroughly versed in the science
of tractors and yesterday gave an
interesting and illuminating lec-
ture on the various parts of dif-
ferent tractors. He did not seek
to disparage any tractor but sim-
ply compared one with another
pointing out the good features
and defects of each. The gentle-
man was heard with much inter-
est by all present.
This afternoon at 3 o'clock
sharp, there will be an open air
school of instruction when much
valuable information will be im-
parted to all who are fortunate
enough to be there.
Among the visitors yesterday
was Henry Christianer of Bluffs.
Five years ago he bought an I. H.
C. tractor and last week bought
another.

VISITORS FROM NEBRASKA
Frank Hamlin and son of
Nebraska were in the city yester-
day. They are visiting a friend,
Mr. Roberts of this vicinity, and
expect to proceed to Carlin-
ville for a visit there.

MEET TOMORROW
The Aid society of Pisgah Pres-
byterian church of Orleans will
meet at the home of Mrs. Robert
Hamilton, Thursday, July 28.
Mrs. George Hobbs is on the pro-
gram for devotionals. Mrs. Mose
Greenleaf and Mrs. Charles Drury
also have papers which will fur-
nish an important part in the pro-
gram.
WILL HOLD EXAMINATIONS
White Hall, July 25.—Postmas-
ter J. H. Wyatt today received no-
tice that an examination will be
held at the postoffice in White
Hall on August 13th for the posi-
tion of postmaster at Roodhouse,
Illinois. The postmastership at
Roodhouse is now held by W. C.
Roodhouse, who was appointed
for the position on the retirement

of F. L. Thompson on July 1st
last, who resigned to accept the
position of city comptroller of
Roodhouse. Mr. Roodhouse, a
former postmaster at Roodhouse,
and it was believed that his ap-
pointment to meet the emergency
caused by the resignation of Mr.
Thompson would stick, but the or-
der calling for an examination for
a permanent appointment at
Roodhouse has changed this opin-
ion. However, it is not known
whether there will be more than
Mr. Roodhouse to write on the ex-
amination.

HISTORIC CRADLE AND SPREAD

The little child of Mr. and Mrs. Bryan Waterfield of Lynnville is enjoying an unusual honor which will be told in years to come. The cradle in which the little one reposes was bought by Mrs. Waterfield's grandfather, the late Samuel Heaton and all his twelve children were rocked in it. Then it descended to the grandchildren of whom there are nine who have also reposed in the historic article of furniture and now Mrs. Heaton's great grandchild is being rocked to sleep in the same cradle. No doubt the rest of the little one is much better than would be the case in a new cradle.

Nor is the cradle the only article of which to be proud. Mrs. Heaton is reconstructing a spread for the baby, the material being from a made by the little one's great great grandmother. Such honors seldom come to one little one and the story will be told many times in the future while the cradle and spread may descend yet to several more generations.

The Ant and the Grasshopper

In the old fable the Grasshopper came begging to the Ant when cold weather set in. "What were you doing all summer?" asked the Ant. "Dancing," replied the Grasshopper. "Very well," returned the Ant, "you danced all summer, now you may starve all winter." The other name of the Grasshopper is the Man-Who-Did-Not-Put-His-Money-in-the-Bank.

MAKE QUICK RESPONSE TO PRESIDENT'S CALL
Washington, July 26.—Quick response was made today to President Harding's call on the public health service and the Red Cross to meet the reported threat of a pellagra epidemic in a large section of the cotton belt.
Officials of the two agencies set to work in an endeavor to carry out the president's request, and held a joint conference. Officials

of eight southern states made their response in the form of a protest that no such serious situation as has been pictured exists.
MASKED MEN CAPTURE ORCHESTRA LEADER
Texarkana, Texas, July 26.—Masked men tonight entered the dancing pavilion at a municipal pleasure ground and carried off orator Harrison, negro orchestra leader.

DUBLIN SILENCE DOES NOT CREATE ANY UNEASINESS
British Hopeful Sinn Fein Discussions Will Bear Fruit

LONDON, July 26.—The silence Dublin maintains relative to the British government's proposals would create uneasiness but for the known fact that the Sinn Fein leaders are engaged in daily discussion of these proposals which, as Austen Chamberlain, the government leader, revealed in the house of commons today were only outlines and principles.
This is interpreted to mean that they afford a basis for continued negotiations. No reply has been received by the premier from Mr. DeValera.

According to reports current in Dublin, what is called the Rock of Usher, is the great obstacle which must be taken into consideration.
It is clear from the statement of Lord Birkenhead, lord high chancellor and Mr. Chamberlain that the government has not lost hope of a settlement. The former announced that the government was hopeful it would be able to make a statement at an early date; Mr. Chamberlain went further, clearly indicating that the government expected a late autumn session in order to pass legislation regarding peace in Ireland. These are not the only favorable signs.

Will Not Go Abroad
Mr. Lloyd George has decided that he will not go abroad, as he had previously intended, for a vacation; he desires to be available for any possible development. Moreover General Jan C. Smuts has booked passage on a liner sailing for South Africa, and it is believed he would not leave England unless convinced that the Irish negotiations were in line for peace.

A writer in the Westminster Gazette points out that DeValera's demand for independence for Ireland is based on sound historical ground, namely, that under the act of independence passed by the British parliament and still on the statute books, Ireland is a kingdom under the British king, but united for the time being under the treaty embodied in the act of union in 1800.

WOOD MAY ACCEPT THE GOVERNORSHIP
Washington, July 26.—Intimate officials that Major General Wood might be willing to reconsider his previous decision against acceptance of the governor-generalship of the Philippines. It is understood President Harding does not intend to make a choice until he has definite knowledge of what policy the Wood commission investigating conditions in the island will recommend.

MILITARISTS OF JAPAN ASTONISHED

(By The Associated Press)
TOKIO, July 26.—The Kokumin Shimbun, the militarist organ, says today it is astounded that Japan is anxious to settle the Yap and Shantung questions before the proposed conference on far eastern questions and disarmaments.
"Japan's attitude in dealing with these problems," the newspaper declares, "partakes of the nature of one secretly returning stolen property before an arrangement has been reached in open court."

The Chuo Shimbun after joining the school of those convinced that the conference will decide the empire's destiny, disapproves any coalition cabinet which would bring Viscount Kato, the former foreign minister, to the front, declaring he was the statesman who brought so much trouble in the country thru the plan of the notorious twenty-one demands on China.

OPPOSE SALES TAX TO RAISE REVENUE

(By The Associated Press)
WASHINGTON, July 26.—The sales tax as a method of raising any part of the four billions of revenue needed by the federal government next year is opposed by members of the house ways and means committee, Chairman Fordney said today at the opening of tax revision hearings.

Only four days have been set aside for the hearings and Mr. Fordney suggested that witnesses refrain from consuming time in discussing such a tax. Imposition of a "purchase tax," repeal of the excise taxes on candy and bottled soft drinks and amendment of the estate tax provision were among suggestions made to the committee by witnesses.

In addition the chamber of commerce of the United States in a communication urged a general turnover tax on all business transactions as a part of a general program advanced by it as the result of a final referendum vote among the commercial and industrial organizations within its membership.

Other recommendations of the chamber of commerce were, repeal of excess profits taxes and war excise taxes, both those on transportation and communication and those levied in relation to particular businesses. In the place of these taxes a tax on all turnovers was urged.

LARGE COMBINATION FOR HANDLING CHEESE

PLYMOUTH, Wis., July 26.—What is said to be one of the largest combinations in the world for the purpose of handling cheese is being effected by representatives of the Wisconsin Cheese Producers Federation and the Minnesota Cheese Producers association, it was learned today.
When the agreements are completed and ratified by the respective organizations the resulting federation will handle more than twenty million pounds of cheese annually. This will be the nucleus about which an organization of national importance will be built.
The Wisconsin federation directors voted to admit the Minnesota producers upon the same terms as factories in Wisconsin. Thirty-three more factories will be added to the Wisconsin Federation by the change, while Minnesota will be thoroughly organized in the same manner.
Those factories which seek to affiliate with the Wisconsin Federation control more than one-half of the cheese production in Minnesota.

EXPECT PERMANENT AGREEMENTS TODAY

CHICAGO, July 26.—Permanent agreements thru which it is hoped to end Chicago's building deadlock are expected to be reached tomorrow following a conference today between building trades union, employers and Federal Judge K. M. Landis, recently selected by both sides as arbitrator of the wage and working conditions dispute.
Three points agreed upon at today's conference and which are expected to be ratified tomorrow cover the tentative acceptance of an agreement ending all strikes by building trades over wage disputes; agreement by the unions to allow employers to request additional workers should a strike occur pending settlement of any future dispute, and agreement that, at the end of forty-eight hours such additional help is not furnished, employers may hire non-union help.

LOLO FOR BRIDE OF THREE MONTHS
Detroit, Mich., July 26.—Relatives of Mrs. Rose Tubiano, 21 years old, and a bride of three months, asked police to search for her today. Mrs. Tubiano left her home yesterday, after addressing a note to her husband saying she was going out of the city. According to Tubiano she wore jewelry valued at several thousand dollars.

WIFE OF PURDUE PRESIDENT FOUND
Calgary, Alta., July 26.—Mrs. Stone, wife of W. E. Stone, president of Purdue University, LaFayette, Ind., who disappeared with her husband from the Walking Tour Camp at the base of Mount Assiniboine, on July 15, has been found alive at the foot of a 17 foot crevice, according to word received tonight. Dr. Stone has not been found.

INTERNATIONAL MASONIC CLUB

Has Been Born in Sioux City, Iowa—Expect it to Spread All Over World.

SIoux CITY, Ia.—A new international Masonic club has been born in Sioux City. It is known as the High Twelve International, E. C. Wolcott is president and William M. Morheiser is secretary. Headquarters of the new organization are to be maintained in Sioux City.

The High Twelve International was created by a special committee of the Sioux City High Twelve club. The purpose of the club is to give the same opportunity to the younger Masons as is afforded by such organizations as the Rotary, the Kiwanis and the Lion luncheon clubs, although membership in the club is limited to Masons.
Secretary Morheiser says, "The purpose of the International is to unite all members of Masonry in the happy bonds of a social hour, and that thereby they may inform themselves in the truth of Masonry, to inspire, encourage and expand those virtues which will aid in the upholding of the principles of good government, in the upbuilding of its membership in honorable and successful living and in the promotion of social fellowship."

Membership in the International will be limited to cities having two or more blue lodges and a population of 25,000 and upward, and will be for groups of business, professional and industrial men organized in local High Twelve club. The number of charter members required to organize a local High Twelve club will be determined by the International, and will be based upon the various factors of the particular city where the club is to be organized. Membership in the local club will consist only of those men who have three or more degrees in Masonry and are in good standing at the time application is made.

Mr. Morheiser said that while the club is not an official Masonic organization yet, it is composed of men who are bound together by the ties of Masonry.

LETTER FROM BOYS IN CAMP AT MEREDOSIA

The following letter has been received from the boys who are this week in camp at the Rotary cottage on Meredosia bay, in charge of Rev. W. E. Spoons:
Arrived at Rotary Cottage 10 a. m. Pipe all hands to the old swimming hole. Everybody out at noon. 12 noon soupy! soupy! soupy. 1 p. m. challenged by Pittsfield to a ball game. Rarin' to go. Everybody warms up 2:30 to 3:35. Long wait for Pittsfield to show up. Are they backing out? 3:35. No. Here they come! 3:45 to 5. The game. Laneys stars behind the willow. Rev. Spoons featured the game by a beautiful dive, putting Finner out, between first and second.
Bray twirled for Jacksonville, Pittsfield just reached him for 3 hits. He starred against Finner of Pittsfield. The runs were made by Laneys and Spoons, each getting a run in the first and second inning. Score, Jacksonville 4; Pittsfield, 2.
5:25. In swimming again. Rev. Spoons wades across the bay; the water barely reaches past his knees.
6:00. Supper.
6:40 to 8:00. Fishing. No luck.
8:15 to 9:00. Rev. Spoons tells of the old time roundup during his cowpuncher days.
9:30. Lights out.
10:00. Snore heard from all quarters. G'nite.

FATS ABOUT COUNTY SCHOOLS IN EARLY DAYS

Report Made by Late Horace Spaulding as School Commissioner of Morgan County in 1852 Gives Interesting Facts About Schools.

Dr. J. R. Harker has in his possession a very interesting old document, brought to him by Miss Hattie Jumper of Sinclair. It is a report made by Miss Jumper's grandfather, the late Horace Spaulding, when he was school commissioner of Morgan county in 1852. Of especial interest is the summary of the attendance at

the schools in Jacksonville that year, there being at that time a total of 863 young people receiving instruction at collegiate, academic and common schools in the city.

The report was made to Hon. David R. Gregg, secretary of state and was in part as follows: "In accordance with the requirements of law, I would present the following as my report. Although I have used all reasonable efforts to obtain the school statistics of the county, I have not succeeded in getting the requisite returns from more than one-third of the towns in the county. I am therefore compelled to omit that part of the report, however desirable and important it may be. I have kept an abstract of all those I have received, which I can send to you, if desired. But as it will present the county in so unfair a light, I have seen fit to withhold it for the present.

"As necessity requires, the present report will embody a general account of the common school cause in the county, rather than those particular statistics so much desired.

"During the two years just passed, the common schools have received a considerable improvement. The causes of this advancement are various. The following may be regarded as some of the most important: viz: the more easy circumstances of the community, making it more convenient for the people to send their children to school; the improvement made in some of the school houses; and a general advancement in the qualification of teachers.

Jacksonville

Although the people of this town have long taken a leading part in the cause of education, common schools have been sadly neglected. Until the past two years they never had a house erected at public expense especially for a common school; a log hut built soon after the town was laid out, and occupied partly as a church in those early days, and partly as a school house, was the only building that claimed that rank. The eyes of the people were directed to objects of a more imposing character. Under the strengthening shadows of our colleges, our common schools have held but a dubious existence, being forgotten by the people or so far neglected that all the burden of providing and furnishing school houses has devolved upon the teachers, who above all other classes of community, are ill prepared to sustain the burden and so no suitable house was erected.

"But of late the people have been waking up to the importance of the subject. The town is divided into three districts: the western half forming one, the eastern two. In the western district a large and commodious house has been erected of brick, two stories high, expressly as a common school house. During

the last year a school has been taught there on between 300 and 500 pupils, under the instruction of a principal and five assistants. The school is judiciously divided off into different grades, from the lowest classes of common schools to those of a high school preparatory to college. Under indefatigable teachers the school has risen to a high pitch and now commands the entire confidence of the community, so that many students enter this school from different and even distant parts of the county.

"In the northeast part of the town also a school house has been erected, and a school is in successful operation. In the southeast quarter no house is yet for that purpose, but arrangements are now in progress for erecting one there next year. When this shall have been done, that burning reproach which has so long rested on this place will be wiped away, and it is fondly hoped that Jacksonville will then soon be able to take that prominent station among her sister towns, in the common school cause, which she has in the higher institutions of learning.

Abstract of Benevolent and Literary Institutions in the Town of Jacksonville:

Illinois college, J. M. Sturtevant, president; Teachers, male 5; students, male 75.

Illinois Conf. Female college; Rev. J. P. Jacques, president; Teachers, male 1, female 6; students, female 150.

Jacksonville Female Academy; Rev. Charles G. Selleck principal; Teachers, female 6; students, female 78.

Western School district, Newton Bateman, A. M., principal: Teachers, male 1, female 4; students, male 175, female 125.

Walnut Grove district, Kennedy: Teachers, male 1; students, male 27, female 27.

Two private schools: teachers, male 1, female 2; students, male 31, female 44.

Deaf and Dumb Asylum, Thomas, officer, principal: Teachers, male 5; students, male 64, female 44.

Asylum for the Blind, Joshua Rhoads, M.D., principal: Teachers, male 1, female 1; students, male 12, female 11.

Total: Teachers, male 15, female 19; students, male 334, female 479.

"In review of the foregoing abstract, it will be perceived that there are at the present time in this place 75 males and 223 females attending common schools, and 31 males and 41 females attending private schools, making an aggregate of 384 males and 479 females under the instruction of 22 males and 19 female teachers.

"Besides the foregoing, there is a small colored school which has been taught by a pious woman for more than two years past, and generally numbering about 20 pupils. Adding this to the preceding, gives the grand total of 863 students. This is an average of 21 scholars to every teacher.

"It is worthy of remark that each of the foregoing schools is occupying a house built and well fitted up expressly for its convenience, excepting the asylum for the blind, the colored school and one of the private schools. So that when the asylum for the blind is finished, which is expected it will be next year, and the other district school house is erected, no town in the union will be better furnished for the instruction of the youth of every grade than the town of Jacksonville.

School Books

Great diversity prevails in this matter. The following, however, are most generally used in our common schools, viz: Cobb's Spelling Book, Cobb's and McGuffey's Readers, Smith's and Brown's Grammars, Smith's and Ray's Arithmetics, (Days and Thompson's) are now gaining ground. (Smith's and Mitchell's Geographies and Goodrich's History of the United States).

The report closes with some suggestions as to changes which the writer believed should be made in the school laws of the state.

GRAFT SCANDALS IN JAPAN

DEVELOP IN JAPAN

Tokio.—(By A. P.)—Graft scandals in connection with the management of the South Manchuria railway which led to the dismissal of the high officials have been made the subject of condemnation of the government by the Privy Council of the Empire.

The resolution of the Privy Council declares that Japanese Colonial affairs need drastic reform. It was attached to a bill proposing revision of the regulations for the Kwantung leased territory. It continues: "The position we occupy in South Manchuria was gained after a war in which safety of the nation was at stake, and its importance is so great that the development of that part of Asia has a vital bearing on the national prosperity of the Japanese people. The South Manchuria Railway company is not a business concern of the ordinary description and it may not be too much to say it is the price of the blood of our people."

"The nature of the South Manchuria railway being such, we the members of the Privy Council of the Empire, can not help but share in the regret of the general public at the prevailing condition of affairs as revealed by the various scandals in which high officials are involved."

The Privy Council's resolution then urges on the government "the necessity of taking proper steps, not only to put a check on the present impossible situation but to place these affairs in such shape that they will lead to a further development of our interests in that part of our territory."

HE FELT LIKE HE WOULD SMOTHER

Clark Declares Tanlac Made Short Work of His Troubles—Gains Eighteen Pounds.

"I have not only regained my health by taking Tanlac," said John F. Clark, 419 E. North Ave., Chicago, Ill., "but have actually gained eighteen pounds in weight besides, and all on just five bottles. 'I hope I never have any more stomach trouble,' he continued. 'I had reached the point where I could hardly eat a thing but what brought on indigestion and gas and bloating. At times I felt like I was suffocating and there was such a pressure around my heart it seemed like it would stop beating. My nerves were all on edge and I was bothered a lot with dizziness and dull, throbbing headaches. My back was weak and lame and pained me a lot and some days I nearly broke down at work. At night I would come dragging in home just about give out, and then when I went to bed I was so restless that I would lie there worrying and tossing from one side of the bed to the other, hardly able to get any sleep at all.

"A good friend of mine recommended Tanlac to me and it has done everything for me that I could ask. I haven't a sign of stomach trouble left, and eat? Why, I can hardly get enough to satisfy my appetite. My back and nerves are all O. K. and I sleep so sound that I have to have an alarm clock to wake me up in the morning now. I have been built up from a hundred and forty-four pounds to a hundred and sixty-two, and at work I don't have to ask anybody odds. I want to say this to everybody who is run down or is suffering from stomach trouble or nervousness, take Tanlac. It will do the work."

Tanlac is sold in Jacksonville by Shreve's Drug store and by leading druggists everywhere.—Adv.

RETURNS FROM TRIP

Miss Marceline Armstrong has returned to her home in the city after a six weeks vacation trip spent with Miss Frances Crowl, who was a schoolmate of hers at Illinois Woman's College. Five weeks were spent at Miss Crowl's home in Worcester, Ohio, and one week at Lake Chippewa. Later Miss Armstrong took a five days' cruise on the Great Lakes visiting Niagara Falls, Buffalo, Quebec, Montreal, and other Canadian points.

HEALTH OF WOMEN

How many perfectly well women do you know? Isn't it true that in order to keep up with the march of progress the endurance of woman is often strained to its utmost, and the tax upon her physical system is in many cases greater than she can stand. Headaches develop, and nervous irritability, backache, dragging down sensations, and other painful ailments peculiar to women. The reliable remedy when a woman gets into such a condition is Lydia E. Pinkham's Vegetable Compound, as for nearly half a century it has proved the natural restorative for these troubles.—Adv.

NAL PLANS ARE MADE FOR JOURNEY

Twenty-Five Cars Promised for Waverly Trip—Rules Governing Cars.

The meeting of the Waverly automobile Trip Committee held at 4:30 Tuesday afternoon tonight on the fact that already 25 cars have been pledged for the run and the committee has high hopes now of securing twenty-five more which will swell the number to seventy-five.

The signs and banners, the cards and signs for the wind fields are finished and turned over to the committee by the printers and printers—everything is in good shape, the callings in town and the truck engaged, so things are all set and if weather is on the program today will be a success.

Mayor Crabtree will drive the pilot car which will lead the procession from Jacksonville to Waverly. The Mayor's car will be headed south and will stand in the northwest corner of the square.

Among the Red Men from other places who are expected to be present are Great Chief of Records O. L. Whitmer and Great Sachem J. B. Watts, both of Springfield.

The parachute leap will take place at 6 o'clock. Robert Wiswell is to drop in a new parachute from Hutson Brothers' plane at an altitude of five thousand feet.

Mr. Wiswell has had a great deal of experience in parachute work. During the war he was an instructor in an aviation school at Des Moines, Iowa.

There is no law compelling a man to buy a new straw hat. However the styles and prices offered by FRANK BYRNS Hat Store appeal to many men.

HOME FROM BICYCLE TRIP Harry Walker and Henry Boszup arrived home Monday night after being gone for a week on a bicycle trip to Starved Rock.

Each made a number of photographs of the places visited. The return trip was somewhat facilitated by friendly track drivers who gave the cyclists a lift.

Last Sunday the two dined in LaSalle with Herbert Eschbach, former manager of the Grand theater here, who now has charge of the Colonial theater in LaSalle.

VISITING RELATIVES Mrs. Dorothy Arish of Belleville is visiting at the home of her parents, Mr. and Mrs. Samuel Butts of South Mauvaisterre street. She expects to remain until the first of September.

Mrs. Parish's daughter, Bernice, has been visiting at this home since the end of the last school term.

RETURNS FROM TEXAS County Judge H. P. Samuel has returned home from Waco, Texas, where he had gone for a week, to take part in a court suit.

RED MEN WILL HAVE LOTS OF BURGEOO SOUP

One Thousand Gallons Will Be Served at Nichols Park—Parachute Leap at 6 o'clock.

One thousand gallons of burgoo soup is the amount which will be ready to serve at 11 o'clock today at the Red Men's picnic at Nichols park. Fires were lighted under the pots at 10 o'clock last night, and the soup will be allowed to cook until 10 o'clock today.

Richard Leake is supervising the cooking. The soup will be served from 11 o'clock until the supply is exhausted.

The program of athletic events will begin at 3 o'clock. Arrangements have been made with the management of the Patterson-Kline shows to have the carnival band give a concert at the park in the afternoon.

Among the Red Men from other places who are expected to be present are Great Chief of Records O. L. Whitmer and Great Sachem J. B. Watts, both of Springfield.

The parachute leap will take place at 6 o'clock. Robert Wiswell is to drop in a new parachute from Hutson Brothers' plane at an altitude of five thousand feet.

Funerals

Ryan Funeral services were held Tuesday morning at nine o'clock at the Church of Our Savior, in memory of Miss Katherine Ryan.

Very Reverend Dean F. F. Formaz officiated and interment was made in Calvary cemetery.

The bearers were: James Trahey, John McGinnis, John Walsh, Daniel Keating, Edward Keating and Thomas Brennan.

'White Hall, July 26.—Funeral services over the remains of Mrs. Lilly Gorman, wife of Elza Gorman, were held at the home on South Carrollton street at 2 o'clock this afternoon, conducted by Rev. O. A. Carmean, pastor of the First Baptist church, and the remains were taken to Roodhouse for interment in Fernwood cemetery.

The deceased was the daughter of Mrs. Green Garrison of Roodhouse, the family coming to White Hall about two months ago. The husband and three children all under four years of age survive.

The age of the deceased was only 22 years, and she was a victim of tuberculosis, her death occurring at 12:15 p. m. Saturday. The husband has numerous relatives at Waverly where his parents resided, he coming to Roodhouse following his marriage about five years ago.

For the past several weeks there has been considerable rather serious cases of illness among children, but the only fatality is that of Maxine, the only child of Mr. and Mrs. Max Deavers, residing on Maple Heights. Following an illness of two or three days, she died at 5 a. m. Saturday, her illness seeming to baffie the physicians in attendance. Funeral services were held in the M. E. church at 2 o'clock Sunday, conducted by Rev. J. O. Kirkpatrick and the Duncan sisters, and the interment was in the White Hall cemetery.

WINCHESTER S. S. HELD ANNUAL PICNIC Members of the Baptist Sunday School Had Pleasant Day Tuesday—Other Winchester News Notes of Interest.

Winchester, July 26.—Members of the Baptist Sunday school and their families held their annual picnic in the grove west of the home of J. C. Moore Tuesday. The occasion was a very pleasant one for all present.

Mr. and Mrs. Charles Scott are spending a few days with friends in Lynnville.

Miss Yeth Rimbey of Aurora is visiting at the home of Mrs. Emma Edmonson.

Bert Beau and family, Otis Dawson and family motored to the home of Perry Bump near Alexander Sunday.

Mrs. Fred V. McLaughlin remains quite ill at her home on West Cherry street.

Luman Sappington, Harry Morris, Vivian Christison and Lois Little motored to Springfield Sunday, taking Mrs. Nellie Sappington with them to Illinois, where they visited at the home of Mrs. John Kinnahan.

NOTICE Creditors or debtors of Louis Mastopietro will please call on him at Bonansinga's store for settlement, before Friday, as he is leaving city and wishes to square all accounts.

CHICAGO CHILDREN RETURNING HOME The Chicago children who have been our guests for the last two weeks are going home tomorrow, Thursday morning. They are expected to leave over the C. P. and St. L. at 7:40 a. m. They have been very entertained during their fortnight's stay and all seem anxious to come again.

NORTONVILLE PICNIC WAS WELL ATTENDED

Many From Adjacent Towns Present at Annual Gathering—Results of Contests.

A large number of Jacksonville people were among the throng which attended the picnic which the Nortonville Odd Fellows and Rebekahs gave Tuesday. An abundant supply of delectable food was on hand, and was greatly enjoyed by all who were present.

The baseball game in the morning resulted in a five to five tie score between the Jacksonville Indians and White Sox.

Afternoon contests were held, with the following results: Prettiest baby girl under one year—First, Mrs. Clint Strawmat, second, Mrs. Owen McNamara, third, Mrs. Lester Grider.

Prettiest baby boy under one year—First, Mrs. Taylor Wyle, second, Mrs. Ottowa Armithe, third, Mrs. Roy Kelly.

Prettiest girl under two years—Mrs. Edward Scheadown, second, Florence Whitlock, third, Mrs. Roy Kelly.

FIRST CONSIGNMENT OF SHOW SHIPPED

The Round-Up committee is in receipt of a telegram from Leonard Stroud, the man that owns most of the Diamond Bar outfit that will perform at Jacksonville today's first annual round-up. This consists of 25 head of bucking brones and comes directly from the big wild west show that just closed in Chicago.

In the wild west exhibition that will be staged in this city August 4th, 5th, and 6th, Jacksonville will witness the same show that has been playing in Grand Park, Chicago, for the past two weeks. Nothing like this show has ever shown in this part of the state and anyone that fails to see this Round-Up will miss something that many people travel hundreds of miles to see.

FUNERAL NOTICE

Funeral services for Virgil Earl will be held from Mt. Emory Baptist church this afternoon at 3 o'clock in charge of the Rev. Mr. Snowden.

A LOCAL MERCHANT EXPLAINS SUCCESS

Has Been Unusually Successful in Operating Stores—Says That "Keeping Faith" is Principal Reason—Like Jacksonville.

"There can be but one reason for the splendid success which has attended our venture among you," says Mr. Shanken, proprietor of the new North Side Square ladies' store, in speaking last night about his store's progress.

"Keeping faith; doing exactly as we said in the beginning we would do, and a little more when possible."

"Yes, we are here to stay, and as the days go by and we widen our personal acquaintance our residence becomes nearer, and we are more determined than ever to see that the pace set by us at the outset is maintained and that the people of this community shall never have just cause to accuse us of bad faith or unfair practices."

"We shall continue to bring in the newest articles of ladies' wear, while they are new, and to sell at all times at astonishingly low prices—to make the name of Shanken synonymous in your mind with First to Show, Highest in Quality and Lowest in Price."

"We note with pleasure that those who first came to look around and make possibly a purchase or two, now have become regular satisfied patrons, and we shall not disappoint."

"On August first workmen will begin the installation of a new store front and entrance, and our store room space will be extended a number of feet. We must have more room and better facilities for properly taking care of our rapidly growing business. Our exhibition space and entrance when finished will be among the prettiest in this section of the state. Rest assured that no expense or effort will be spared at any time to make shopping at this store a positive pleasure."—Adv.

Social Events

Gleaners S. S. Class Met Tuesday Afternoon.

The Gleaners Sunday school class of Ebenezer church met Tuesday afternoon at the home of Miss Mary Black. After the roll call, an interesting program was given, with music by Miss Ruby Dewese and by a Victrola. Refreshments were served by the hostess, assisted by Mrs. Walter Shumaker and Miss Hazel James.

Yoasovi Girls Entertain Kiddies.

The Yoasovi Camp Fire girls entertained eleven of the Chicago fresh air children at a picnic at Nichols park Tuesday afternoon. The children were taken out to the park in cars about 3 o'clock. The boys and girls enjoyed using the playground equipment and playing at organized games until 5:30 when a big supper was served. The party returned to the city about 7 o'clock. Besides the Chicago children, the crowd included the Social Service league committee and nine of the Camp Fire girls with Mrs. Frank J. Heint, their guardian.

Porch Party in Honor of Mrs. Taylor

A porch party was given Tuesday morning by the ladies of the Pastor's Aid society of the Baptist Circle Number Four in honor of Mrs. Gerald Taylor, who will leave this week for Springfield, where she will make her home. The affair was given at the home of Mrs. L. B. Turner on North Prairie street and there were eighteen guests present.

Mrs. Taylor was presented with a silver teaspoon by the members of the circle as a farewell gift. Engraved on the handle of the spoon is a circle surrounding a figure 4. The hours were from 9 to 11 and delicious refreshments were served during the morning.

Delightful Party at Country Home

A very delightful little party was held on the spacious lawn of the beautiful country home of Mr. and Mrs. Charles Ashbaker, southeast of the city, Monday afternoon, in honor of their daughter, Mary Virginia's birthday anniversary. The guests were her little schoolmates—it was a merry little crowd playing games and guessing contests.

Very delicious refreshments were served and the decorations were pink and white. The prize winners were Mary Norris and Helen Gansse. They departed as happy as they came, wishing Mary many happy returns of the day.

Strawn's Club Meets With Mrs. Strawn

Mrs. Robin Strawn was hostess to the members of the Strawn's Crossing Country club yesterday afternoon at her home in Sinclair. The members and a few invited guests from the neighborhood were present. The ladies answered roll call with the name of a quick dessert and Mrs. Henry Stout had a paper on "Quick Meals for Unexpected Guests."

Mrs. William Thompson took as the topic of her paper "Art in Daily Life." A discussion followed the program and during the social hour the hostess served dainty refreshments. The club then adjourned to meet August 9 at the home of Mrs. Frank Foster, near Alexander.

Picnic Supper for Lieutenant and Mrs. Smith

A delightful family picnic supper was given last evening at the home of Mr. and Mrs. T. P. Carter on Lincoln avenue in honor of Lieutenant and Mrs. Fairbank Smith who are visiting at the home of Mr. and Mrs. C. H. Smith on Westminster street. The thirty guests included only relatives from Jacksonville and everyone spent a very enjoyable evening.

Lieutenant and Mrs. Smith, whose home is near Baltimore, Maryland, are on their way to the Pacific Coast. Their trip west will take them thru Canada, down the coast to Seattle, San Francisco and Los Angeles. They plan to return by way of the Grand Canon.

Ayers Bank People Enjoy Picnic at Gravel Springs.

Gravel Springs was the scene last evening of the annual picnic of the Ayers National Bank people. They left town about five thirty and drove out to the picnic grounds in cars. Everyone wore clothes which enabled a genuine good time picnic in the woods, and they had it. Everybody brought along some of the good eats, fried chicken, sandwiches, pickles, salads, cake, fruit and ice cream.

There were twenty five present at the picnic and the spirit of real fellowship was marked at the affair. Everyone did his share to make it a big success. Among those in attendance were:

Misses Marie Finney, Fairlee Graff, Mayne Hackman, Alice Green, Louise Gebert, Lillie Laxton, Coleen Hess, Bernice Coultas, Martha Hall, Cecil Dimmitt, Marie Wash, Cecile Munis, Lola Thompson, Margaret Clancy, Grace Hamilton, Genevieve Herbert, Mayne Kelly, Sadie Short and Jeanette Fromm and George Evers, Wilbur Hauck, Denham Harney, Ernest Green, Verlin Eymeyer and Lester Elliott.

HORSE FALLS IN WELL

The local fire department was called out Tuesday morning to rescue a horse which had fallen into a thirty-two foot cistern at the residence of Mrs. Susie Cohan, 903 East College avenue.

The horse was one of a team being used by a Mr. Mouns, colored, in plowing a garden. The well was an old one which had not been used for some time, but was covered over with boards.

The horse happened to step on the boards and fell to the bottom of the well.

The fire department pumped three feet of water from the well and then raised the horse by means of a block and tackle. The well was considerably caved in the process.

The horse did not seem much affected by the experience and was able to be led home, after being carefully wrapped in blankets.

OLD JACKSONVILLE

OUR TREES AGAIN

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Other persons, as well as this writer, have tried of late years to tell who had a leading part in getting the beautiful trees planted in Jacksonville.

It has been clearly stated that Gov. Joseph Duncan had the trees placed which now decorate the park named for him. While not wishing to disparage what he did, it is to be borne in mind that Gen. Duncan originally intended his arboreal work to be a distinctive adornment of his home place, both as trees and in the circling double rows of them leading up to his doorway from each gate at the east and west ends of the front of his grounds.

Many others of later settlers and builders of homes put out elms and maples as improvements in front of their own houses, partly as necessities, on the then wide open prairie streets.

The writer's positive knowledge of when trees were first set out on West State street is derived from Joseph W. King's statement to the writer, that he, King, placed the trees in front of his house, now Mr. Thompson's—corner of Diamond Court, in 1840.

A member of the Chambers' family also informed the writer of their tender care in watering the trees they had put out, presumably, about 1846, the year their fine old brick mansion was built.

Sixty years ago it was easy to guess about how long the trees below Prospect street had been growing down the sides of State street.

But one man did a larger and better work, one which was for the public good, and which was apparent to anyone who visited this place, even on business. That man was

John W. Lathrop.
Mr. Lathrop came here in 1836, and this was his home for sixty-four years, although he died September 23, 1900, at the home of his daughter, Mrs. H. C. Branson, in Ottawa, Kansas, at the age of eighty-four years.

Anyone who has been in New England knows how beautiful the trees are, embowering the homes or various larger or smaller towns, or "villages" as many are called there. It is easy to see that Mr. Lathrop bewailed the bare look of the coming "Athens of the West" as he had come from Connecticut, and our public square was an eyesore to the young New Englander. He could not be content with the empty and dusty park, which should have been an ornament to the town even then.

Mr. Lathrop was at first only a clerk with Mr. J. Kibbe, whose daughter he afterwards married, and really his business was selling goods, not improving towns. But he had too much taste and enterprise to "put up with" the rusty looking floor of our future "Central Park". He was a member of the town board of trustees, but he could not get encouragement from his associates in planting trees.

He was equal to the occasion, nevertheless, and went to work. He told of this to a reporter, many years after, in about these words:

"I consider one of my greatest acts the part I took in setting out the trees in some parts of this city. I was a member of the board of town trustees when the matter of trees in the park was agitated." He went to the woods and get the trees from a farmer who was incredulous about the sense or value of the planting. "Dave Simmons hauled them and Caleb Letton also did good work in getting the ground into shape." One well known citizen of the country discouraged Mr. Lathrop's idea; but years after, when Mr. Lathrop found the opposer, with his family eating his lunch under the trees, Lathrop had the joke on the old man. The latter was sensible and fair, after all, and acknowledged that the young Easterner had been right.

Lack of space forbids quoting the interesting stories Mr. Lathrop gave the reporter, but a man who performed such a service for our beautiful city deserves credit.

therefor, and a sketch of his career is little enough to give in remembrance of him.

The writer was well acquainted with Mr. Lathrop and knew of his unusual intelligence, enterprise, good taste and the fine hospitality he extended to friends in his attractive homes. He built the elegant brick house now owned by Mr. Otto May, on West State, south side, between Westminster street and Diamond Court, about 1854; and that was his home until 1858, when he built, and removed to the handsome villa style house, now occupied by Mrs. Gray, on the south side of College avenue about half way between Park and Prospect streets.

In his partnership with Mr. Kibbe, and afterwards in his own stores on the north, of the east side of the square, and at the center of the south side of the east side of the square, and finally at the southeast corner of South Sandy street and the square, Mr. Lathrop had attractive and up-to-date establishments, which were exceptionally pleasant to his customers. A feature of the Kibbe & Lathrop service was having attractive, well-mannered and well-dressed clerks. Mr. Wm. K. Dewey was an illustration of this point, he beginning his career here with Kibbe & Lathrop.

Birthplace.
John W. Lathrop was born in Ashford, Connecticut, January 9, 1816, his parents being of the old Puritan stock. He was no respecter of persons because of mere wealth, but the friend of those in humble or needy circumstances.

He Arrived Here
In November, 1836, and this was his home thereafter. He came as a clerk for Mr. Kibbe, but soon became his partner, in the dry-goods business. They had intended going to Galena, then a very flourishing town, but settled here. For years they occupied the store room at the front corner under what is now called the Park Hotel. For thirty years or more Mr. Lathrop was a merchant here; then, for a few years engaged in a business having headquarters in New York City. Last of all, he was in the insurance business with his son-in-law, Mr. Charles H. Ward, still well known in that line here.

He Married Miss Kibbe.
Who was his companion until her death; a term of about forty years, and twenty-one before his own demise. They were the parents of John Kibbe Lathrop, Edward Billings Lathrop, Clara Louise, wife of H. C. Branson, and Julia Emma, wife of Mr. Charles H. Ward. Mrs. Branson, now in Battle Creek, Michigan, is the only child surviving. Our citizens need not be told of the attractiveness of these younger people. Their names speak for them.

A Congregationalist
In church affiliation, Mr. Lathrop early and actively engaged in the work of that denomination. He presented the first reed organ to the local church, and he and Mr. Kibbe raised two-thirds of the money for the first pipe organ, one of the first large ones in this city.

He was a
Trustee of Illinois College. For nearly a generation, and greatly interested in the welfare of that institution.

A Republican
In politics, Mr. Lathrop was one of our most loyal supporters of the Union cause. He was a personal friend of Richard Yates, war governor, and of Abraham Lincoln, who had been a guest at his house, and acquainted with other distinguished men. Not least of these, in note, was his Democratic friend, Stephen A. Douglas, with whom he was intimate in the young days here. The writer regrets not having more space to tell of this pleasant friend. Mr. Charles H. Ward has kindly furnished much valuable data for this sketch and Lathrop Ward carries the engaging manners of his genial namesake.

RACES STOPPED AT COLUMBUS

Came After Six Heats Had Been Raced—Favorites Win Heats That Are Contested.

COLUMBUS, O., July 26.—Rain threatened to stop the Grand Circuit racing Monday came today after but six heats of the day's program had been raced and put an end to further activity. Two heats of the three events, the 2:11 class pace, the S. & S. \$5,000 stake for 2:11 trotters and the Elks Home race for 2:05 pacers were raced before the rain began to fall.

Favorites won in each instance and captured two heats each of which under three heat plan rules clinched first money for them, although another heat will be necessary to complete the events.

GRIMES HOLDS CUBS TO FIVE SCATTERED HITS

Is Given Great Support in 3 to 0 Victory—Losers Play With Out Error.

CHICAGO, July 25.—Grimes pitched a great game for Brook-

lyn, holding the Cubs to five scat-

tered hits, his teammates playing

spectacular ball in the pinches

and executing three double plays,

while timely hitting by Johnston,

Griffith and Myers, enabled the

league champions to win from

Chicago today, 3 to 0.

Daily Market Report

WHEAT PRICES

CLOSED STEADY
CHICAGO, July 26.—Export sales said to aggregate one million bushels had a strengthening effect on the wheat market today. Prices closed steady at the same as yesterday's finish to 11c higher with September at \$1.23 1/2 to \$1.24 and December \$1.26 1/2 to \$1.25 1/2. Corn lost 1/2 to 3/4c and oats 1/4 to 1/2c. In provisions the outcome varied from five cents decline to 17c advance.

Exporters were after wheat at interior points and at the seaboard as well as here. The southwest in particular noted a brisk cash demand and it was Belgium, Holland and Germany would in the market as buyers. The fact that receipts at all the leading centers were less than on yesterday counted too in some degree as a bullish factor. Shortly after the opening the trade was confronted by reports from officials of the Canadian agricultural department that the Canadian crop was expected to be a bumper one. This report led to considerable selling and temporarily depressed prices but the market tightened up again after mid-day and opinion became prevalent that export business was being under-estimated and that despite recent big receipts no great surplus accumulation could remain to be disposed of.

Prospects of showers eased the corn market. Oats were depressed by country selling. Higher quotations on hogs made the provision market show a tendency to advance.

STOCK MARKET

MORE ACTIVE

NEW YORK, July 26.—Trading in stocks today was a trifle broader and more active but the increased dealings were largely at the expense of values, many leaders showing extreme declines of one to two points.
Rails were listless and little altered, but freights, equipments, oils, motors and specialties were under intermittent pressure. Leathers were adversely affected by the poor quarterly statement of the Central Leather company and advices from the middlewest and New England indicated further slackening of industrial production. Sales amounted to 280,000 shares.

Publication of the United States Steel corporation statement for the second quarter, issued after the close of the season showed total earnings of \$21,892,016, the smallest returns of any quarter since March of 1915. The only development in the money market, where call and time funds held at recent quotations was a slight easing of rates for bank acceptances and additional buying commercial paper.
Liberty bonds were irregular.

Why Did We Install this Expensive Machine? To Give You Service

Read

—We installed the Cylinder Grinder to give the public in this vicinity the advantage of a "Factory Job."

—A rebuilt engine with reground block is equivalent in endurance and operation to a new engine. In many instances the high quality of workmanship throughout the job gives better operation than the job originally.

—For rough estimating—regrinding, new pistons, rings and piston pins, ready to run, cost will be only \$10.00 per cylinder. The labor charge is consistent with our policies—fair and honest.

M. H. LICHLITER

This man Lichliter has done things. He interprets life sympathetically because he knows life. He has crowded into his forty years experiences which most men do not have in a life time. He is a specialist in first-hand information. Though he has mastered the books, he pushes back of the books to a personal contact with facts. He brings to the platform vitality because he speaks out of his own vital, growing life. He is a man of impressive physique and an excellent orator, speaking with clearness, fire and magnetism. His lecture will be remembered as one of the mountain peaks of chautauqua excellence. His popular discussion of the most vexing social problem of America—the instability of the family—which indicts prejudice, bigotry and intolerance will not soon be forgotten.

The chautauqua management unhesitatingly recommends Mr. Lichliter as one of the greatest speakers it has ever booked.
